Liabilities as above	676.20	
	<hr/>	
Indebtedness of town above means	\$10,625.70	

ISAIAH PIPER,	} Selectmen of Belmont.
HENRY H. THOMPSON,	
SMITH N. ELLSWORTH,	

We have examined the foregoing accounts and find them correctly cast and properly vouched.

REUBEN G. HOYT,	} Auditors.
DANIEL D. MAXFIELD,	

WATER WORKS, RULES AND REGULATIONS.

ANNUAL RATES.

The following rates are established until further notice :

Family not exceeding five persons, single faucet, . . .	\$6.00
Each additional person in same family50
Bath tub or water closet of approved pattern	3.00
Hose for washing windows or carriages, or sprinkling lawns, not exceeding one hour per day, through one-eight inch nozzle	3.00
Builders' rates per barrel05

Hotels, steam engines and motors, metre or special rates.

When water is used for purposes not specified in the foregoing it may be drawn through a metre or a rate will be fixed by the superintendent upon application.

METRE RATES.

Not exceeding 24,000 gallons per year	\$10.00
Each additional 1,000 gallons25

CONTRACT.

Every person taking water thereby consents to the following regulations, and agrees to be bound by them and such other regulations as the Selectmen and Superintendent may hereafter establish.

APPLICATION.

All persons desiring to take water shall make application to the Superintendent, stating fully and truly all the purposes for which it is to be used ; and should additional use at any time be required the person requiring the same must notify the Superintendent before such additional use will be allowed.

SERVICE PIPES.

The town will furnish a coporation with a stop, from the main pipe. All service pipes must be provided and maintained by the person supplied with water.

Persons taking water must keep their own water pipes and fixtures connected therewith in good repair and protected from the frost at their own expense. They must provide a stop and waste cock, to be properly located inside the building and have the pipes so arranged that the water can be drawn from them whenever and wherever there is danger of freezing.

USE OF WATER.

The water at sinks and all other places *must not be left running* to prevent the water in the pipes freezing, or for any other purpose ; *and all unnecessary waste of water must be prevented.*

No owner or tenant will be allowed to supply water to other persons or families, and if found so doing the supply will be stopped and the water rent already paid forfeited.

INSPECTIONS.

The Superintendent must have free access at all proper times to all parts of the premises where water is delivered and consumed.

STOPPAGE.

No person shall open or close any public fountain, hydrant, stop cock, water gate, blow-off or air vent, attached to any water pipe belonging to the town except by permission of the Superintendent. Provided, however, that this shall not apply to firemen while in the proper discharge of their duties as such.

The town reserves the right to shut off the water for making repairs, extensions or other purposes, without notice, and no person shall be entitled to damages by reason of such action of the town.

METERS.

No engine, motor or stable shall be supplied except with metered water, nor shall water be supplied for any other purpose than domestic use, except by meter.

BILLS PAYABLE, WHEN.

All water bills shall be payable semi-annually in advance, to the Superintendent on the first day of June and December.

If water rents be not paid within fifteen days after they become due, the flow of water may be cut off, and one dollar will be charged for turning it on again.

Water rents will commence when service is laid.

ISAIAH PIPER,	}	Selectmen.
HENRY H. THOMPSON,		
SMITH N. ELLSWORTH,		

ROAD AGENT ACCOUNT.

TO THE SELECTMEN AND CITIZENS OF BELMONT, N. H. :

BELMONT, N. H., February 23, 1895.

We have carefully examined the foregoing accounts, and find them properly vouched and correctly cast, and cash due the town in hands of the treasurer of six hundred seventy-four dollars and fifty-six cents.

REUBEN G. HOYT,
DANIEL D. MAXFIELD, } Auditors.

PUBLIC LIBRARY REPORT.

TO THE INHABITANTS OF THE TOWN OF BELMONT:

We submit our second annual report of the Public Library. The number of books taken out has not been as great as last year, but we think that what have been taken out have been read thoroughly, whereas at the first many were taken through curiosity.

We would recommend an annual appropriation of \$200 for the support of the library.

The number of books taken out has been about 3,000. Forty new books have been added during the year.

Below is the financial report:

	DR.	
On hand from 1893		\$75.45
Fines		9.81

SCHOOL REPORT.

TO THE CITIZENS OF BELMONT N. H :

The following report of the condition of the public schools for the year ending March 1, 1895, is respectfully submitted by the School Board :

Whole number of scholars not under five years of age who have attended school not less than two weeks, 190.

Number of children in town between the ages of five and fifteen years as reported by the selectmen : males 66, females, 65 ; total, 131.

Whole numbers of teachers employed	12
Number who had taught in town before	8
“ teaching same school more than one term . . .	6
“ residing in town	8
Cost of school books and supplies	\$139.36

During the last five weeks of the village schools a male teacher was put in charge of the Grammer department and made principal in the new school building. As the experiment appeared to be successful we recommend its adoption in the future,

The schools as a whole have done good work. Owing to a lack of funds they were not continued as long as we could wish, and we ask the district to raise a sum of money sufficient to secure, at least, thirty weeks the coming year.

While there has been an improvement in attendance, there is still in many neighborhoods a lack of intelligent appreciation of the cost and benefits of their public schools privileges, and a disposition to deprive their children of the school advantages

within their reach. Last year we called attention to tardiness. We are happy to report an improvement in this respect.

The tardy marks as reported by the teachers were in 1894, 908, in 1895, 280. There has been but few cases of truancy.

There has been, however, in nearly all sections of the town irregular attendance caused by the children being kept from school to work. There are also a few children who have not attended school at all. When the town is pouring out its money like water to maintain schools and school building this state of things ought not to be tolerated.

We would impress upon parents the necessity of co-operation in school work. Your children have a right to a good education, and it is the duty of every person to give his child a good foundation for its work in life.

To parents, and all others, we extend a hearty invitation to visit the schools and see for themselves the progress and work.

JOSEPH PLUMER,	}	School Board.
A. S. BOLSTER,		
A. D. JONES,
